

Have you heard of NSPCC Sport?

For more than 25 years, we've supported sports organisations across the UK to strengthen safeguarding and keep children safe in every setting where they play, train, and compete.

We offer practical advice and information, including free resources to help you support every child's wellbeing.

Safeguarding is a team effort.

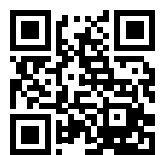

Champion safe sport for children

We offer training, consultancy and guidance for professionals and volunteers who work with children in sports and physical activity.

Building a caring culture where children can thrive starts with great safeguarding. It's a whole-team effort.

Working together, we'll make sure children can focus on finding their sport exciting, fulfilling and fun.
